Ann -

I typed up my notes taken during the well surveys. Some of this information should also be recorded in the surveys, but there may be additional info here not on the survey forms. I only have notes for seven properties. I did not make separate files, but did include page breaks so that we can print out the information and attach to the individual survey forms. Not sure what ORC is looking for - but this info should be attached to the survey's per Rich's direction.

Call with any questions.

Thanks - Kelley

With all your free time?

Looks like I need to get them to ORC later this week.
